CCAT Strategic Plan

Mission. Support, inform and promote CCAT faculty and their research endeavors in order to help strengthen the impact and competitiveness of LAS and ISU research.

Vision. To be highly collaborative across disciplinary boundaries and able to integrate fundamental discoveries with technological solutions and societal needs.

Values. All members of CCAT are committed to:

- A diversity of people and ideas
- Student engagement and success
- Excellence in scholarship
- Collegiality, trust, and respect
- The responsible use of resources

Goals

Goal 1

Be more competitive for major research grants and participate in more interdisciplinary team research.

Objective 1.1

Increase cross-disciplinary research.

Objective 1.2

Improve outreach to recruit and retain brilliant faculty to join CCAT.

Objective 1.3

Maintain relationships with federal funding agencies

Goal 2

Share the research accomplishments of CCAT faculty across the university, the state of Iowa, and the world.

Objective 2.1

Maintain and keep CCAT’s website current as to expand internal communications between CCAT and other departments and units across campus.

Objective 2.2

Keep CCAT faculty informed about varied applicable research opportunities

Objective 2.3

Highlight CCAT faculty research and accomplishments in and outside the university.
